WELCOME TO PORTO

Awarded Best European Destination in 2012, 2014 and 2017, the city of Porto is the 2nd largest in Portugal and capital of the north. The picturesque scenario along the Douro river easily convinces anyone to discover the city that has given the name to the country.

Porto is often called as *"Invicta"* (Unconquered / Invincible City) and its people are recognized for being welcoming and hard workers which also turns into a history of great sports athletes.

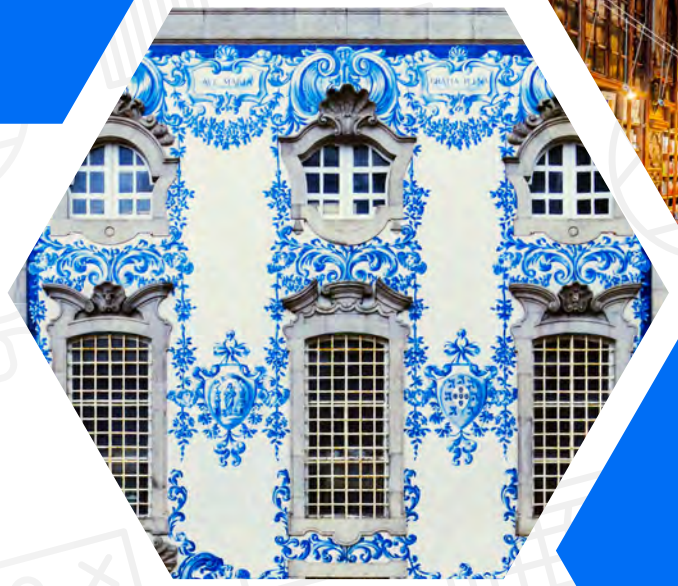

It is home to one of the most successful football soccer clubs in the world and 2x times winner of the Champions League – FC Porto.

The 2nd edition of the Porto International Cup will be held on the 6-7-8 April 2022, for 3 days of ultimate competition and fun, with the best youth teams from all over the world!

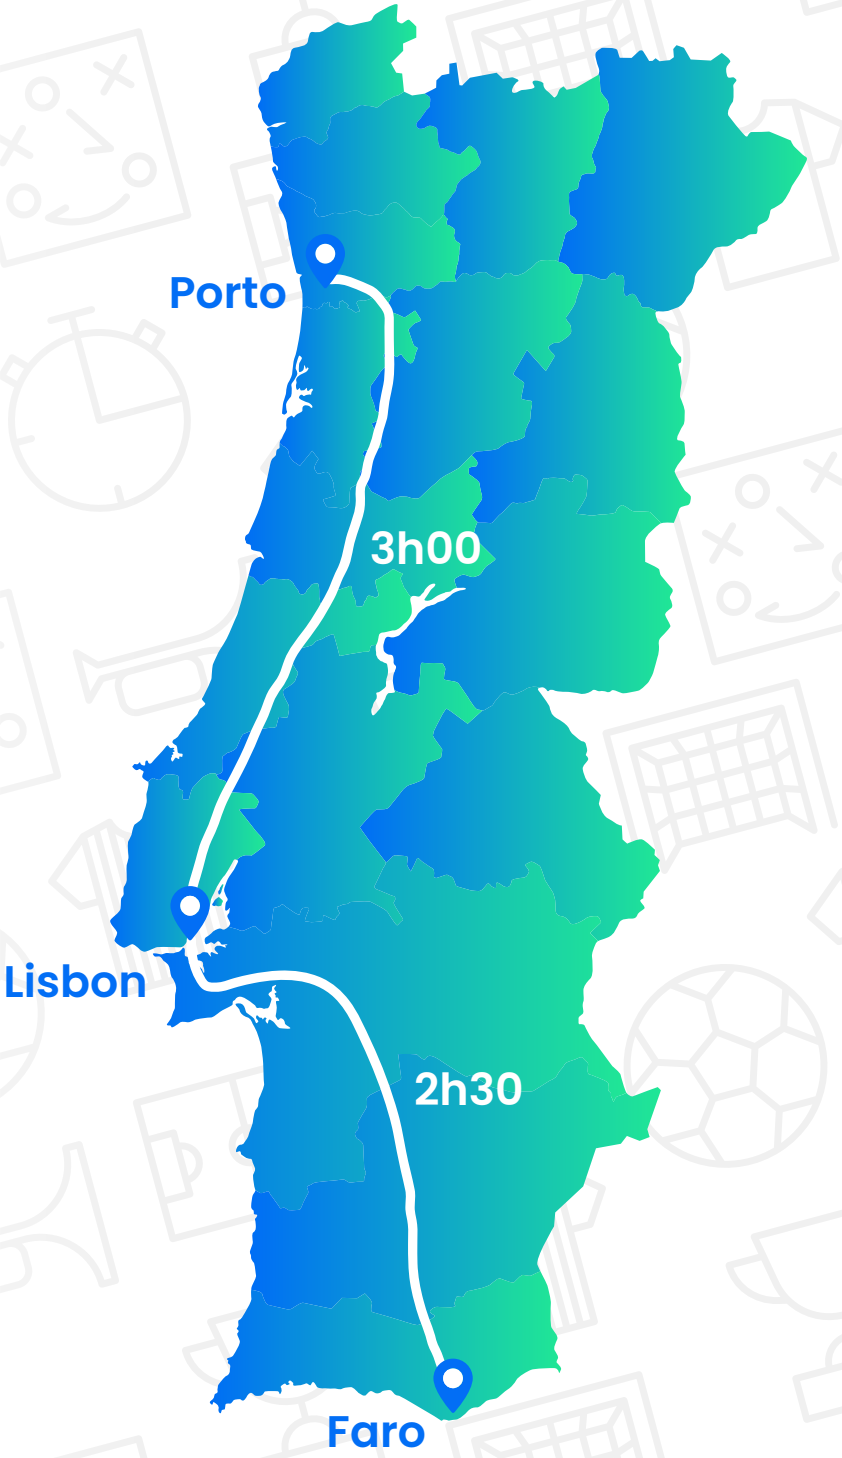

GET TO PORTO

Porto is an international destination serviced by an international airport. Porto's Francisco Sá Carneiro Airport (OPO) is situated 11km northwest of the city centre. There are a few low cost carriers flying into Porto, including Transavia, Air Berlin, EasyJet, Ryanair and the Portuguese national carrier TAP.

Alternatively you can also fly to other airports and enjoy a trip extension by knowing other parts of Portugal, such as Lisbon, and Faro (Algarve), or you can also fly to Vigo in Spain. All cities are connected with rail stations and highways.

» from 326,00 €

PARTICIPATING TEAMS

TESTIMONIALS

"As Team Manager of FCPorto, the sensations were all positive. From the beginning, contact with the organization was very easy, something that greatly simplifies the processes to be carried out, and any question was promptly resolved. Regarding the competitive framework and its management, there is also nothing to say. The games started on time, good management of the use of the changing rooms, and the existence of an always updated website with schedules and results also helped a lot. All meals were taken without any problems. For all these reasons I say that the tournament was well organized and that our participation was positive."

João Porto **FC Porto**

"Our assessment is that it was a well-organized tournament, where the organization complied with all the conditions foreseen. The competitive level was good and we will do everything possible to participate in the next edition to defend the title of champions."

Luís Ricardo Cerqueira - Youth Teams Coordinator **Gil Vicente FC**

Many thanks to the organisers of the Porto International Cup. They made every effort to make our team feel welcome. Great mix of teams, fantastic venue, and awesome staff. The tournament was very well organised with instant fixtures and results uploaded to the mobile app. The booking process was simple and straight forward. The players and parents will cherish these memories for life. Thank you!

Baber Sarwar **Trafford FC Youth**
